

Blessed Homes
Org nr 992 933 372
Styrets årsberetning for 2021

1. Selskapets virksomhet

Blessed Homes er en forening som driver arbeid blant barn og unge i Thailand. Våre barnehjem ligger nordvest i Thailand langs grensa til Burma. Vi har som mål å gi barna en trygg oppvekst med muligheter for en god fremtid.

I februar 2019 ble Blessed Homes godkjent som thailandsk stiftelse, og arbeidet fortsetter videre under navnet "Blessed Homes Foundation" i Thailand. Denne forandringen gjorde at det er stiftelsen i Thailand som nå har ansvaret for drift av barnehjemmene, mens den norske organisasjonen gikk over til å bli en giverorganisasjon. Erfaringen fra de årene etter endringene trådte i kraft viser at driften går videre som vanlig, uten store praktiske forandringer.

2. Utvikling på barnehjemmene

En detaljert beskrivelse av arbeidet blir beskrevet i årsrapporten fra den Thailandske stiftelsen som følger med som vedlegg

3. Rettsvisende oversikt over utvikling og resultater.

Foreningens resultat vises under:

	2021	2020	2019	2018	2017
Aktivitetsresultat	-24 064	16 918	-1 122 494*	216 422	108 381
Anskaffede midler	1 347 624	1 367 096	1 289 410	1 350 683	1 143 396
Formålskapital	323 569	347 633	330 714	1 453 209	1 236 787

*I 2019 ble alle eiendeler overført til stiftelsen i Thailand, og kostnadsført for Blessed Homes som gaver. Dette forklarer hvorfor resultatet var negativt i 2019, og endringen i formålskapital fra 2018-2019.

Faddergaver er stabile og sørger for at en stor del av de faste utgiftene blir dekket. Tidligere har faddere hatt et fadderbarn knyttet til gaven, men det har vi gått bort fra, ettersom at arbeidet inkluderer barn på barnehjemmet, barn som studerer utenfor noen av hjemmene, samt støtte til

familier hvor enkelte barn har kunne flytte hjem. Våre faddere, nå faste givere har i alle år vært veldig trofaste og gir oss en trygghet i videre drift av organisasjonen.

Siden 2016 har "Devinco" støttet arbeidet med 200 000 kr årlig, med forpliktelse om å gi beskjed 1 år før samarbeidet eventuelt avsluttes. Denne støtten videreføres også for 2021.

Midlene er benyttet på de tre barnehjemmene langs grensen og til ungdomssenteret i Mae Sot, samt skolestipend til barn som tidligere har bodd på hjemmene, men som fortsetter skole andre steder.

Det fremlagte aktivitetsregnskap og balanse med tilhørende noter gir etter styrets oppfatning et rettsvisende bilde av foreningens eiendeler og gjeld, finansielle stilling resultat for 2020.

4. Fortsatt drift

Årsregnskapet for Blessed Homes er satt opp under forutsetning av fortsatt drift.

5. Arbeidsmiljø

Det er styrets oppfatning at arbeidsmiljø og den generelle trivsel på arbeidsplassene er god. De ansatte har frihet til å ta fri når de føler de trenger det, så fremt omsorgen for barna blir ivaretatt av den resterende staben på hjemmet. Blessed Homes gir 25 dager betalt ferie for ansatte som jobber daglig på barnehjemmene, mens kontoransatte har fri i helger og offentlige høytider.

6. Likestilling

Av styrets medlemmer er det en kvinne og fire menn. Administrasjonen i Norge består av en mann og en kvinne. Av de som jobber lokalt i Thailand er det noe flere kvinner enn menn ansatt. Styret er opptatt av at likestilling skal gjenspeiles i stiftelsens arbeid.

7. Ytre miljø

Foreningen ønsker å ta hensyn til lokalt miljø lokalt i Thailand og i forhold til foreningens drift i Norge.

8. Vedlegg

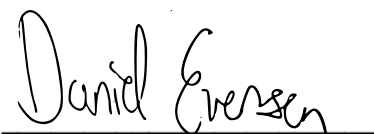

- Årsrapport fra Blessed Homes Foundation i Thailand, inkludert revisors rapport fra Thailand.

Annual Report 2021
Blessed Homes Foundation

Preface

The report about the activity of Blessed Homes Foundation (BHF), Thailand, was prepared for officials and interested parties to know more about the mission of BHF and its operations within Thailand in 2020. BHF sees the value of safe shelter. Our operations focus on providing children and youth in the care of the Foundation with shelter and security while encouraging good education and life-skills for a successful transition to independent living in adulthood. The shelters give the children a sense of belonging in a family, finding loving solutions to problems in a timely manner. It is BHF's desire that the children and youth will be able to establish a future home for themselves with love, warmth, and strong relationships among family/household members. In addition, BHF promotes health and hygiene for all children and youth.

The Blessed Homes Foundation operates shelters in four locations:

1. Blessed Homes, Nong Bua (NB), located at Mae Usu Sub-district, Tha Song Yang District
2. Blessed Homes Mae Ook Hu (MOH), located at Valley Sub-district, Phop Phra District
3. Blessed Homes Huay Nam Khun (HNK), located at Maha Wan Sub-district, Mae Sot District
4. Blessed Homes Hua Fai (HF), located at Phra That Pha Daeng Subdistrict, Mae Sot District

All four shelters are located in Tak province. Each shelter has the same fundamental rules and provides activities for children to do together, both in the home/Foundation and in conjunction with various local organizations.

BHF hopes that this report will be useful to all who read it. Lastly, we apologize in advance if this report from BHF has any mistakes or errors.

Introduction

- Background
- General Information
- Mission
- Objectives

Background

Tak province, Thailand, has a western border with Myanmar. In the 5 border districts of Tha Song Yang, Mae Ramat, Mae Sot, Phop Phra and Um Phang, of Tak province, there are many children and youth suffering from abandonment, abuse, or maltreatment from their parents/caretakers. Many families lack the resources to properly care for children and many children do not have access to education. The area has a large population of undocumented people whose rights are often violated; human trafficking occurs frequently among this population. Thailand bears an enormous burden due to its land border with Myanmar, with many Myanmar people crossing the border to receive help. International organizations and Thai foundations can empower Myanmar people to be able to help themselves and become self-reliant, not dependent on neighboring countries. Strong communities along the border make it safer for people at risk of personal exploitation.

General Information

The Foundation is named “Ban Rubphon,” abbreviated as BRP, and the English name is “BLESSED HOMES FOUNDATION,” abbreviated BHF.

The logo of the Foundation consists of bamboo ladder and woven bamboo walls in a circle. In the local Karen language, the word *hee poh hkaw poh* means family. The word *hee poh hkaw poh* is composed of two words, *hee poh*, meaning little house, and *hkaw poh* meaning small ladder/stairs. The circular shape consists of woven bamboo used by traditional Karen people to make their house, including the ladder up to the structure and the bamboo walls of the home. The Foundation supports programs that give a literal shelter to children and youth while also offering the human support usually provided by family. On the right side, there is the English text “BLESSED HOMES FOUNDATION” and on the lower right, there is the Thai text “มูลนิธิบ้านรับพร” as shown in the picture below.

Blessed Homes Foundation is located at 332 Moo 2 Ban Hua Fai, Tambon Phra That Pa Daeng, Mae Sot district, Tak province, 63110.

Mission

Blessed Homes Foundation wants to see children who have a hope for the future and courage to act on their dreams. BHF works with children whose families are not able to provide for them. Some are orphans while others are affected by abuse and neglect. At the four shelters, BHF wants each child to grow up in a safe and loving environment with the opportunity for education and play. Children in the care of the Foundation are enrolled in local schools, receive basic healthcare, and are active in the village life. As children grow up, BHF supports them in the transition to a more independent adult life. BHF also works together with other foundations to strengthen the local capacity in understanding children affected by abuse.

Objectives

1. Support and work with local agencies to provide safe housing for children and young people, especially those affected by harassment, neglect, or other mistreatments.
2. Promote and support education for children and youth.
3. Support children and young people in the transition to independent adult life.
4. Strengthen local capacity in understanding children affected by abuse.
5. Carry out activities for public benefit and cooperate with other foundations, both domestically and internationally.
6. Operate or cooperate with other foundations for the benefit of the public.
7. Abstain from all political affiliations.

Part 2

Implementation of Key Projects in 2021

Projects of the Foundation

BHF operates four group homes/shelters for children and youth:

Blessed Homes Nong Bua (NB), located in Tha Song Yang District, Tak
(4 staff and 15 children/youth)

Blessed Homes Mae Ook Hu (MOH), located in Phop Phra District, Tak
(5 staff and 18 children/youth)

Blessed Homes Huai Nam Khun (HNK), located in Mae Sot District, Tak
(4 staff and 20 children/youth)

Blessed Homes Hua Fai (HF), located in Mae Sot District, Tak
(4 staff and 13 children/youth)

In 2021, BHF supported 15 youth who lived off-site from BHF (at school dorms in the region) in order to continue their education. BHF also employed 4 office staff (non-residential, non-caretakers) and 3 foreign volunteers worked at BHF in education, healthcare, and administration.

1. Providing structure and training at homes (shelters):

- Roles and duties of caretakers at the homes
- Positive and familial relationships of children and youth living together
- Clear rules and expectations with an emphasis on child development and the rights of children
- Appropriate consequences for children and youth who violate rules

2. Focusing on education: Every child and youth is encouraged and supported to go to school. Depending on age, past schooling, and location, they may attend kindergarten, primary, or secondary programs at Thai schools or migrant learning centers. Children are also encouraged to develop their skills and talents in other extra-curricular activities and hobbies such as art, music, and sport. During periods of school cancelation or home-based learning, staff provided additional instruction in non-academic studies such as weaving, crocheting, gardening, cooking, and guitar.

- 3. Importance of health and hygiene:** All children are tracked with quarterly measurement of weight and height and timely vaccinations. Caretakers record when children are sick or not feeling well. Visits to clinics or hospitals are documented and kept as records by the office staff. In 2021, this included tracking COVID-19 cases and vaccinations for all children, youth, and staff. BHF pursued multiple venues for vaccination regardless of ID situation of individuals. BHF office team also prepared and taught a seminar at the Nong Bua home focused on drugs and substance abuse as part of health education and responsible decision-making for the children and youth. Other trainings will occur in 2022.
- 4. Additional experiences:** BHF encourages children and youth to participate in activities with local organizations. This builds good relationships while providing children and youth with new experiences such as local sports activities, folk performances, and various camps. For a second year, these gatherings were limited due to COVID-19 restrictions but BHF joined as deemed appropriate given public health and COVID-19 outbreaks throughout the year.

Secondary Projects and Activities

- 5. Higher Education:** For youth from the foundation who have completed basic education, BHF supports them with the opportunity to further their studies in higher education or professional studies. This year, one student graduated with a bachelors' degree in "English Teaching" from the department of Humanities and Social Sciences at Kamphaeng Phet Rajabhat University. Another 7 youth began post-secondary studies at Wilay Technical College in Mae Sot, Thoo Mweh Khee Migrant Learning Center in Phop Phra, and Christ's Body Fellowship Training Center in Nong Bua, Tha Song Yang.
- 6. Child Safeguarding Continual Improvement:** In 2021, BHF office team members revisited and revised the BHF Child Safeguarding policy. While the previous policy was only written in English, the updated policy was translated into Thai and Sgaw Karen. The office team went to each location to provide training to caretakers on the updated policy. All staff signed the

newly written Code of Conduct. The office team also designed a trilingual poster about Safe Touch, now on display at each home, as a follow up to the Safe Touch trainings conducted with the children and youth in 2020.

7. **School Break Camp:** BHF organized a four-week educational and activity camp in partnership with Global Advance Projects (Huay Bong, Mae Ramat District) during the Thai school holiday in April 2021. Due to COVID-19 restrictions, the camp was held as three small camps in Nong Bua, Mae Ook Hu, and Huay Bong. Fifteen young adults from the foundation and other local organizations were hired to lead the camp programs in activities, games, and academic instruction including classes in English, Thai, Burmese, and native language literacy (Sgaw Karen). Fifty-two children participated in the summer camp. A fourth location, Huay Nam Khun, was the site of a special construction skills training program. Two local builders instructed 8 youth from BHF in construction basics. During the 3-week program, they constructed a metal fence, a concrete wall, and a carport as part of facilities improvements to our Huay Nam Khun home.

8. **Christmas Festival:** Due to COVID-19, BHF was unable to host its annual Christmas celebration at the home in Hua Fai. For the second year in a row, each location planned their own small-scale celebration. The children, youth, and staff received their annual Christmas present. This year's gift was a BHF jacket.

Blessed Homes Foundation**Notes to Financial Statement.****For the year ended December 31, 2021****1. General Information**

Blessed Homes Foundation (“the Foundation”) was registered as juristic person on January 28, 2019. Registration No. 1/2562
Tax Identification No. 0993000409043 Registered Address is 10/91 Soi Ruamreang, Intarakree road, , Mae Sot, Tak, Thailand.
The Foundation’s objectives are:

1. To support and work with local agencies To provide safe housing for children and young people, especially those affected by harassment, neglect or other mistreatment.
2. To promote and support education for children and youth.
3. To help children and young people be able to help themselves when they become adults.
4. To strengthen the local image in order to understand children affected by abuse.
5. To carry out activities for public benefit and cooperate with other charities both domestically and internationally.
6. To be a benefit to Thai society and to engage in active partnership and cooperation with other foundations and entities.
7. To work exclusively on social issues with absolutely no involvement in politics or through political action.

2. Accounting policies**2.1 Basis of preparation**

The financial statements have been prepared in compliance with Thai Financial Reporting Standards for Non-Publicly Accountable Entities (TFRS for NPAEs) according to the Federation of Accounting Profession’s Notification No.20/2554 date April 12, 2011, under the Accounting Professions Act B.E.2547.

The financial statements have been prepared under the historical cost convention.

An English-language version of the financial statements has been prepared from the statutory financial statements that are in Thai language. In the event of a conflict or a difference in interpretation between the two languages, the Thai-language statutory financial statements shall prevail.

2.2 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, deposit held at call with banks but do not include deposits with banks which are held to maturity (Fixed Account)

I hereby certify that the information that I have provided is correct.

President 
(Miss Stephanie Melachrinis)

Blessed Homes Foundation**Notes to Financial Statement****For the year ended December 31, 2021****2. Accounting policies (Cont'd)****2.3 Provision**

Provision are recognized when the Foundation has a legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made. Where the Foundation expects a provision to be reimbursed, the reimbursement is recognized as separate assets but only when the reimbursement is virtually certain.

2.4 Revenues and expenses

Revenues and expenses are recorded on accrual basis, except for donations are recorded on cash basis.

2.5 Income tax

Income tax is provided in the accounts at the amount expected to be paid to the taxation authorities, taxable expenses determined in accordance with tax legislation.

Appendix (Activity image)

Nong Bua Home

Nong Bua Academy students dressed and ready to attend in-person classes.

Due to COVID-19 shutdowns and home-based learning, youth had extra time to devote to extra-curriculars such as learning to weave with traditional backstrap looms.

BHF children and youth participated in substance abuse training taught by the BHF office team.

BHF President visited with the assistant village leader in Nong Bua village to thank him for his service.

Mae Ook Hu Home

Primary school graduates took school ID photos and registered for secondary school in Phop Phra.

Due to COVID-19, students had home-based learning for many months of

Youth and staff joined with the community to upgrade the water source for this part of the village.

Children, youth, and staff cooked together at the home in Mae Ook Hu.

Huay Nam Khun Home

Together with the church, BHF celebrated 10 years of providing a children's shelter in Huay Nam Khun.

Due to COVID-19 shutdowns and home-based learning, youth had extra time to devote to extra-curriculars such as learning to play the guitar.

Youth cleaned the compound together in Huay Nam Khun.

Office staff and Huay Nam Khun staff meet with parents, local leaders, and school leaders from Lampang for the out-placement of a student.

Hua Fai Home

Staff conducted special language instruction during times of home-based learning in 2021.

Staff met with former BHF youth, now living independently, to encourage and support in their families.

Youth and staff from Hua Fai proudly showed their COVID-19 vaccination certificates.

Youth, staff, and neighbors worked together to harvest rice.

Higher Education

Congratulations to Namphon for completing her bachelors' in English Education from Kamphaeng Phet Rajabhat University.

Congratulations to the youth of BHF who graduated from grade 12 in Phop Phra and began their studies in Mae Sot at Wilay Technical College in 2022.

Child Safeguarding Continual Improvement

The office team traveled to Nong Bua, Mae Ook Hu, and Huay Nam Khun to provide training in the updated Child Safeguarding Policy. Caretakers from Hua Fai joined for the Huay Nam Khun program. The office team also designed a trilingual poster on Safe Touch as a follow up to 2020 trainings with the children and youth. The poster is on display at each home.

Staff Trainings and Meetings

The BHF office team meets weekly and travels each home once a month. In addition, the head staff and office team have a joint meeting every 4-8 weeks. Due to COVID-19, these meetings were virtual for part of the year. BHF also received visitors from government agencies including the Ministry of Public Health.

School Break Camp

Children and youth participated in a 4-week school break camp spread across 3 locations.

School Break Construction Skills Camp

Eight youth participated in a 3-week school break construction skills camp at Huay Nam Khun.

Christmas Celebrations

Due to COVID-19 restrictions, BHF was not allowed to gather in one location for a large Christmas festival. Each home had their own small celebrations on-site with games, songs, dances, competitions, special food, and BHF jackets for all.
